CHANGING THE ODDS FOR *Survivors*

In order to transform our community we must advocate, provide services and stand alongside those who are most vulnerable. Together we can:

- Provide outside emergency response, advocacy, case management, trauma counseling, shelter, and long-term comprehensive care for **survivors of domestic violence, human trafficking and substance abuse**, as well as prevention programs.
- Learn the facts. The Delaware County Sheriff's office reports **domestic violence as the second most frequent call for response behind theft**. According to Maryhaven, **over 3,000 family members, friends and others are impacted by their Delaware County patients' drug addiction annually**.

Programs changing the odds for survivors include the Delaware County Against Human Trafficking Coalition, the first domestic violence shelter coming to Delaware County in 2017, and substance abuse programs.

WE KNOW SOCIAL PROBLEMS ALL CONNECT

Addressing one isolated need doesn't create long-term social change. Everyone has to be involved to create ongoing, lasting change. And we're focused on bringing everyone together – non-profit organizations, foundations, private businesses, schools, churches, government, citizens – so united, we tackle our serious and complex social problems from every angle.

THIS IS UNITED WAY

One organization looking at the holistic picture for the entire community by bringing Delaware County together around a common vision, common agenda and a common path forward to create a collective, stronger impact.

GET ENGAGED

The most assured way to create impact and change the odds is through donations. We invite you to give to our Community Impact Fund or target your gift to the survivors in our community. You can also become an integral part of our community by giving of your time and talent.
